Functionality of Jumelage Project Map

5 Mouse click on a numbered cluster symbol e.g.,  opens a new menu.

6  Zoom to  Browse features 

* **Projects combined in Clusters**  

This cluster represents 2 Jumelage Infrastructure Projects.

Please use **Zoom to** to see the individual Infrastructure Projects or use the **Browse features** to step through the cluster features in a **Popup window**.

6 **Zoom to** tool focus on single elements of the cluster. Depending on the zoom level the background changes to a satellite image.

7 **Browse features** shows the cluster projects in one window to step through. The **Zoom to** tool allows to zoom into the chosen project on the map.

1 Zoom In (or mouse wheel)

2 Zoom out (or mouse wheel)

3 Original map extent

4 Legend

Mouse click on a unnumbered symbol opens directly a window with project details and pictures.
